

ASHISH SINGH

B.Tech CSE Student | Aspiring full stack Software Developer | Java | Python | DSA | Web Development|AI&ML

📞 8563081195 📧 singhashish856308@gmail.com 🔗 LinkedIn 🐙 GitHub 📍 Prayagraj, India

PROFESSIONAL SUMMARY

[B.Tech](#) Computer Science student with a strong foundation in programming, Data Structures & Algorithms, Python, Java, Web Development, and Machine Learning. Hands-on experience in developing academic and personal projects involving software development, data analysis, and machine learning. Strong problem-solving and analytical skills with a willingness to learn new technologies. Seeking an entry-level opportunity to apply technical skills, contribute to real-world projects, and grow as a technology professional.

TECHNICAL SKILLS

Programming Languages :	C, Python, Java (Basic), C++
Frameworks & Libraries :	TensorFlow, Keras, Scikit -learn, XGBoost, Numpy, Pandas
Soft Skills :	Communication, Teamwork, Leadership
Languages :	English, Hindi
Core CS :	DSA, Problem solving, Machine Learning, Deep Learning, Computer Vision, Model Deployment
Cloud & DevOps :	Git, GitHub, Docker, Linux, AWS EC2
AI & Machine Learning :	Machine Learning, Generative AI, NLP, LLMs, Prompt Engineering
Database :	MySQL
Web Development :	HTML, CSS, JavaScript, React.js, Redux Toolkit

WORK EXPERIENCES

Artificial intelligence Internship <i>IBM(PBEL)</i>	Jun 2026 - Jul 2026 <i>Remote • Prayagraj,Uttar Pradesh</i>
- Engineered and evaluated AI/ML models using Python libraries for real-world applications. - Implemented computer vision pipelines and image/video data-processing modules to extract key feature representations. - Collaborated on model deployment concepts, integrating AI-driven backends with web-based client interfaces for end-to-end functionality.	
Technologies / Skills Used : <i>Machine Learning, Python, Computer vision, Git</i>	

Machine Learning Intern Internship <i>Skillbit Technologies</i>	Nov 2025 - Dec 2025 <i>Remote • Prayagraj,Uttar Pradesh</i>
- Assisted in building and evaluating machine learning models using Python, including data preprocessing and model performance analysis under mentor guidance. - Explored model integration with front-end components, gaining exposure to full-stack ML application workflows.	
Technologies / Skills Used : <i>Python, React</i>	

PROJECTS

House Price Prediction <i>Python, Pandas, NumPy, Scikit-learn, XGBoost, Machine Learning</i>	
- Built a machine learning model to predict house prices using the California Housing dataset. - Performed data preprocessing, exploratory data analysis, feature handling, and model evaluation. - Implemented XGBoost Regression and evaluated performance using R², MAE, and MSE. - Achieved an R² score of approximately 0.62 on the prediction task. - Used Pandas, NumPy, Scikit-learn, and XGBoost throughout the ML workflow.	
Dog vs Cat Image Classifier <i>Python, TensorFlow, Keras, CNN, Deep Learning</i>	
- Developed a CNN-based deep learning model to classify images as Dogs or Cats. - Applied image preprocessing techniques including resizing, normalization, and data augmentation. - Built and trained the model using TensorFlow and Keras. - Evaluated the model on unseen images and developed an image prediction pipeline. - Achieved approximately 90%+ validation accuracy on the test dataset after model tuning and augmentation. [Live Demo]: https://dog-vs-cat-classifier-jt3pyr7ckxdw9p9kky3zap.streamlit.app/	
Todo App <i>React.js, Redux Toolkit, JavaScript, HTML, CSS</i>	
- Developed a responsive Todo application using React.js and Redux Toolkit for state management. - Implemented features to add, update, delete, and manage todo tasks efficiently. - Used Redux Toolkit to maintain and manage application state. - Reduced state management complexity by using Redux Toolkit, improving app performance and maintainability [Live Demo]: https://redux-toolkit-todo-app-xi.vercel.app/	

EDUCATION

United Institute of technology Prayagraj,Uttar Pradesh <i>B.Tech CSE</i> <i>Bachelor of Technology (B.Tech)</i>	2024 - 2028 <i>CGPA : 6.75(Ongoing)</i>
Radha Krishna Higher Secondary School Prayagraj <i>ClassX</i> Student – Completed Secondary Education	2016 - 2021 <i>Grade : 88.6%</i>
Adarsh Shiksha Niketan Higher Secondary School Prayagraj,Uttar Pradesh <i>Class XII</i> Student – Completed Secondary Education	2021 - 2023 <i>Grade : 81.2%</i>

CERTIFICATION & ACHIEVEMENTS

CERTIFICATIONS & ACHIEVEMENTS	
Oracle Cloud Infrastructure 2025 Certified Generative AI Professional — Oracle Claude Code in Action — Anthropic (2026) Learning Basic ABAP Programming — Beginner Level SAP Learning Aug 2026 AI Skills Fest 2026 — Microsoft Deloitte Australia – Cyber Job Simulation — Forage Student Campus Ambassador — GSSoC InsureBot Quest 2025 – Hackathon (Conversational Bot) — Unstop Generative AI for Beginners — Simplilearn Gen AI Using NLP — United Institute of Technology - Participated in Hackathon Finalist – Vibe Coding Inter-College Competition, Final Round (Stage III), BMIET 2025
